List of the References

No.	Names of all the authors and Names of the papers (The authors should be listed in the same order in the papers and your name should be underlined.)	<u>Name</u> Names of the journals (in the order of the name (unabbreviated), volume, first page-last page, year)

- Remarks
- 1 The references should be listed in chronological order of publication. If the paper has yet to be published, mention in “Name of the journals” that it is to be published.
 - 2 If it’s a book, write the name of the author(s), publisher, year of the publication, and the pages (if it’s a part of it).
 - 3 If you have many references and one sheet isn’t sufficient, please copy this sheet.
 - 4 The references should be related to the main theme. The volume number doesn’t have to be mentioned.
