Endocrinology & Metabolism Unit Research Conference (September 2020)

Date and time: Tuesday, October 13 15:30~
Tuesday, October 27 15:30~

Place: 3rd floor meeting room, the building at Department of Nursing
(看護学科棟 3 階会議室)

** If you are not familiar to the location of meeting room, please come to the office of Internal Medicine 1 (Endocrinology & Metabolism) by 15:20 of the day. We can take you to the place for your first time.

** If you would like to attend the meeting, you should contact with (med1@med.shimane-u.ac.jp) at least several days advance to get the material that you need. In this conference, we generally read some front-edge article in the Nature, Science, Cell or linked sister journals. In the meeting, we will use Japanese as principal language; if you attend, I may introduce some part in English and of course you can ask or/and discuss with English. No problem.

Doctoral Courses: Endocrinology and Metabolism I (D52)

Principal faculty member:

Endocrine and Metabolism,
Internal Medicine 1,
Prof. Keizo KANASAKI, MD, PhD

Contact: Internal Medicine 1
